EXPERIENCE

- Associate Product Designer

March 2025 - June 2025

At InterviewBuddy

Visakhapatnam, India

  - Contributed to the full-cycle product design process, from wireframing and user research to high-fidelity user interface and Figma prototyping, while designing and developing aesthetically pleasing, responsive websites that complemented brand and marketing objectives.
  - Cross-functionally worked with product teams and developers to execute design systems, conduct usability tests, and provide smooth user experiences for both microsites and essential product features.
- UI/UX Designer

July 2024 - August 2024

At CodeSoft

Remote, India

  - Completed hands-on UI/UX design tasks and mini-projects, enhancing practical skills in wireframing, visual design, and interface usability across real-world use cases.

PROJECTS

- Personal Portfolio [Frontend Designer]

Link

Tools: Figma, Photoshop, VS Code

  - Built a responsive personal portfolio with HTML, CSS, and JavaScript, highlighting skills in web development and UI/UX design.
  - Features include clear navigation, project showcases, and insights into my professional journey and design approach.
